SKILLS

- **Programming Languages:** Java, C, C++
- **Frontend Technologies:** HTML, CSS, JavaScript, JSP, Bootstrap, Angular, React, Vite, Node.js
- **Back-end Technologies:** Java Core-Advanced, Spring Boot, Hibernate ORM, JPA
- **Databases:** MySQL, JDBC
- **Cloud & DevOps:** GCP (Compute Engine, Storage, IAM, VPC), Docker, Kubernetes (GKE – basics), CI/CD fundamentals, Linux, Shell scripting, Cloud deployment, Monitoring & logging (basics), Infrastructure & security fundamentals
- **Other Tools Platforms:** Git, GitHub, Maven, Eclipse, Postman, Android Studio, Frontend Deployment (Vercel)

EXPERIENCE

Software and Data Engineering Intern

July 2025 – August 2025

Bengaluru, India

MeghGen Technologies Private Limited / Internship

- Worked on **Python-based backend modules** to process CSV datasets and perform **CRUD operations**.
- Applied **Object-Oriented Programming (OOP)** principles in Python to design reusable and maintainable classes.
- Implemented **data validation, exception handling, and basic unit testing** to improve system reliability.
- Collaborated with the team to explore extending the application into a **scalable RESTful backend API**.
- Gained hands-on experience in **software engineering workflows, Python backend design, and data-driven applications**.

Web Development Intern

June 2024 – July 2024

Pune, India

AI India Innovations / internship

- Worked on a **live web application** for listing and dining services.
- Designed responsive UI pages using **HTML, CSS, Bootstrap**.
- Integrated frontend components with **REST APIs**.
- Strengthened understanding of **responsive design and version control (Git)**.

ACADEMIC PROJECTS

Hospital Management System | May 2025

- Developed a **full-stack web application** to manage hospital operations.
- Built frontend using **HTML, CSS, JavaScript, Angular**.
- Implemented backend services using **Java & Spring Boot**.
- Enabled **CRUD operations** for patients, doctors, schedules, and billing.
- Improved data accessibility and operational efficiency.

EDUCATION

Dr. Daulatrao Aher College of Engineering Karad

2020 - 2025

Bachelor of Technology in Computer Science – 7.35 CGPA

Karad, Maharashtra, India

ACHIEVEMENTS

- **Java Full Stack Developer** – Symbiosis Institute, Pune (2025)
- **Software and Data Engineering Internship** – MeghGen Technologies (2025)
- **Web Development Internship** – AI India Innovations (2024)
- **Cyber Security & Ethical Hacking** – (2022)
